Summer Referral Incentive Program 2024

The person who is applying for membership (provider or supporting staff) will provide the name and contact information of the person who referred them or the referring party can contact us to introduce the new member.

The application fee must be paid, and the application received during the promotional months of May through August, to qualify for the incentive credit.

The credit will be applied to the provider designated by the referring party when the new member makes the first payment of annual dues or prorated dues.

Those who are referring new members are not limited on the number of referrals. Those credits will remain in the designees account and will be used against invoices generated for recred fees or membership dues. The credits will not be used for any other purposes unless TIOPA is specifically authorized to use for extra services. If the provider's TIOPA membership terminates with a credit, we will refund the balance after final dues and fees have been paid.

Anyone qualifies as a referring party including office staff, practice administrators, providers, and a variety of other professionals. The caveat is that the referring party must have a provider to designate for the credit issued.

We have the right to disqualify anyone who attempts to manipulate or abuse the program.
